Do you want an opportunity to get a new perspective on God's mission plan for the world, and to play your part in it more effectively?

Kairos is an exciting interactive, course that looks at our world from God's perspective. The *Kairos* 'journey' can help you to understand God's global purpose, discover the missionary thread from Genesis to Revelation and glimpse the incredible unrelenting advance of Christianity around the world!

Kairos will inspire, motivate and mobilise you and your church. It covers four mission themes: biblical, historic, strategic and cross-cultural.

The rationale of the course is that mission is the basis of the Bible, and that we are all 'senders', 'mobilisers', 'welcomers', 'intercessors' or 'goers' in relation to world mission.

To equip the church for mission *Kairos* seeks to answer the following questions:

- How can we learn from history about the spread of the gospel to and from Europe?
- How can we respond to living in multi-ethnic, multi-cultural towns and cities? Could this be God's new strategy for reaching some unreached people groups? Will the UK Church rise to the challenge?
- How can we partner with the increasing numbers of missionaries coming to the UK from the non-western world?
- How can churches and mission agencies and organisations work together?

You will be inspired, challenged and impacted with God's heartbeat for the lost, and equipped with tools to take back to your home situation. To gain maximum benefit you will need to commit to read articles and to complete worksheets – *Kairos* is a study course.

How is *Kairos* run?

Kairos can be conducted as a 5-day intensive course, over 4 Saturdays or 3 weekends, or over a combination of evenings and full days. The *Kairos* material is ideal for use within the context of fieldwork and mentoring. It can also be adapted as preparation for short-term teams to give an immediate practical learning experience. *Kairos* concludes with a focus on teamwork and integration.

Once you have completed *Kairos* you may want to consider becoming a course facilitator. Having caught God's heartbeat for the nations, our facilitators are those from many different backgrounds and professions.

Main components of the course

Group Prayer

A *Kairos* prayer guide provides information on the world's major unreached peoples. As we pray for unreached peoples we realise God's heart for the nations.

Lecture Introductions

We use multimedia resources to provide helpful lesson overviews.

Growth Point Discussion Groups

Group interaction, one of the highlights of the course, provides a dynamic learning environment, as does personal journaling.

Short Teaching DVDs

DVDs of today's leading mission experts supplement the reading material.

Inspirational Videos

Exciting footage of missionary enterprise shows initial engagement with target cultures and lives changed through the gospel.

Special Activities

Interactive cross-cultural activities press home the importance of culture and worship and are a memorable experience.

Readings and Worksheets

Through extracts from articles written by leading authorities we cover the theology, history and strategy of mission. With each chapter, worksheets reinforce the key points.

Kairos was pioneered in the Philippines by **Living Springs International**, a ministry of **World Outreach**. It was originally adapted from the *Perspectives* course to mobilise the Filipino church for mission to unreached people groups.

Continuously developed and refined, more recently *Kairos* has found enthusiastic acceptance in many other countries. It is now being conducted in every continent, and has been translated into many languages. *Kairos* is proving to be a strategic educational and mobilising tool to awaken the Church to the challenges and opportunities of mission in the 21st century.
